

regarding the adequacy of the standard margin/factor. The Agency ad hoc FQPA safety factor committee removed the additional 10x FQPA safety factor that would otherwise be used to account for increased sensitivity of infants and children.

Zeneca has considered the potential aggregate exposure from food, water, and non-occupational exposure routes, concluding that aggregate exposure is not expected to exceed 100% of the RfD and that there is a reasonable certainty that no harm will result to infants and children from aggregate exposure to azoxystrobin residues.

F. International Tolerances

There are no Codex maximum residue levels established for azoxystrobin.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-6843-9]

Notice of Proposed Settlement Trans Circuits, Inc. Superfund Site Lake Park, Palm Beach County, Florida

AGENCY: Environmental Protection Agency.

ACTION: Notice of proposed settlement.

SUMMARY: Under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), the United States Environmental Protection Agency (EPA) proposes to enter into a "Prospective Purchaser Agreement" (PPA) concerning property located at 210 Newman Way in an industrial park in Lake Park, Palm Beach County, Florida. EPA proposes to enter into the PPA with the National Land Company (NLC).

The PPA obligates NLC to cooperate fully with any response action EPA may take on the Property. The PPA resolves NLC's potential liability for the Existing Contamination at the Site which would otherwise result from becoming the owner of the Site. This protection is contingent upon NLC fulfilling its obligations under the PPA.

EPA will consider public comment on the proposed settlement for thirty (30) days. EPA may withdraw from or modify the proposed settlement should public comments disclose facts or considerations which indicate that the proposed settlement is inappropriate, improper, or inadequate.

Copies of the proposed settlement are available from: Ms. Paula V. Batchelor, Waste Management Division, U.S. EPA, Region 4, Atlanta Federal Center, 61

Forsyth Street, S.W., Atlanta, GA 30303-3104.

Written comments may be submitted to Ms. Batchelor at the address noted above within thirty (30) calendar days of the date this notice is published.

Dated: July 18, 2000.

James L. Miller,

Acting Chief, CERCLA Program Services Branch, Waste Management Division.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission, Comments Requested

July 25, 2000.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before October 2, 2000. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Les Smith, Federal Communications Commissions, 445 12th Street, S.W., Room 1-A804, Washington, DC 20554 or via the Internet to lesmith@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collections contact Les Smith at (202) 418-0217 or via the Internet at lesmith@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Approval No.: XXXXXX.

Title: Notification of Emergency Alert System Status.

Type of Review: New Collection.

Respondents: Business or other for-profit; and not-for-profit institutions, state, local or tribal government(s).

Number of Respondents: 125.

Estimate Time Per Response: 30 minutes.

Frequency of Response: On Occasion.

Total Annual Burden: 62 hrs.

Needs and Uses: The Resident Agent of the Agency's Alaska Office is developing a survey to assess whether FM translators located in isolated areas of Alaska are in compliance with the Emergency Alert System (EAS) rules adopted January 1, 1997. These rules state that FM translators not rebroadcasting the entire programming of other local FM broadcast stations must be in compliance by having EAS equipment installed and working properly. In remote areas of Alaska FM translators provide service to their communities by re-broadcasting programming from other local FM broadcast stations, however, in some cases the FM translators do not rebroadcast the entire contents of the program thus they could inadvertently eliminate any EAS warnings. EAS not only provides the President of the United States the capability to provide immediate communications and information to the general public during periods of national emergency, but it also allows the local and/or state officials the ability to warn the public in the remote areas of Alaska about avalanches, wildfires, etc. Due to its size, remoteness, and isolation, it is difficult for the Resident Agent to make on scene inspections to ensure that the FM translators are in compliance. Using the survey the Resident Agent can find out if licensed FM translators are either rebroadcasting local programming in their entirety including EAS warnings or, if not, then the FM translator station has EAS equipment installed and working properly. FM translator stations not in compliance could present a safety of life issue to the listening public.

OMB Control Number: 3060-0771.

Title: Procedure for Obtaining a Special Temporary Authorization in the Experimental Radio Service—Section 5.56.

Form No.: N/A.

Type of Review: Extension of currently approved collection.
